

Vacancy: **Plant Operator**

Location: **Balaguer (Lleida), Spain**

Our history:

CycleØ, headquartered in London, was founded in 2022 to take immediate action to slow the pace of global warming by capturing methane emissions mainly from the agrifood industry.

As an integrated biomethane supplier, we build, own, and operate small-scale distributed biomethane plants in Europe and beyond. Manufactured by our subsidiary, **FNX**, located in the Spanish Basque country, our modular plant designs are fully tested in-house, making for easy deployment at any production site.

The role:

In this role you will take ownership of the plants' performance and tackle challenges to ensure efficient operations. You will work closely with the area Project /Plant Manager, based locally, and the Engineering team, based in Artea.

What you will be doing:

- Oversee the continuous delivery of feedstock (manure) to the digestors.
- Perform checks and routine maintenance tasks as required.
- Walk around the site daily and record anything out of order.
- Keep the production process going, unblocking pipes, emptying storage tanks and other required manual work.
- Use the SCADA system to operate the plant efficiently.
- Transport the product to the nearby injection points.
- Maintaining high levels of health and safety; and improving if necessary.
- Conduct all plant maintenance and repairs of our assets in the Leida area. This can be routine and non-routine maintenance.

Your Talent and Knowledge (that are key for this role):

- Minimum 3 years of experience in site / plant operations – or other related experience
- Good mechanical and/or electrical aptitude and background
- Basic troubleshooting skills
- Hands-on and eager to learn
- Pro-active teamplayer

What we offer:

- We operate in a dynamic and challenging environment that promotes autonomy and innovation. We work together as a team, sharing ideas and opinions.
- Our teams are passionate and driven, operating with a strong sense of purpose to “deliver immediate solutions to curb climate change”.
- Our ambitions go hand in hand with opportunities that will challenge and reward our teams.

**Join us at CycleØ,
where we take actions with real purpose and impact in mind!**
