

Vacancy: Finance Analyst

Location: London

Finance Analyst

Our history:

Headquartered in London, CycleØ was founded in 2022 to take immediate action to slow the pace of global warming by capturing methane emissions from the agrifood, industrial and municipal sectors.

As an integrated biomethane supplier, we develop, build, own and operate small-scale, distributed biomethane plants in Europe and beyond. Biomethane is a direct, renewable substitute to fossil natural gas and is utilised to decarbonise the transport and maritime sectors and the gas grid. Through our subsidiaries, FNX and Biogasclean, we employ proprietary, market-leading technology for biogas upgrading, liquefaction, methanation, and desulphurisation.

The Role

We are looking for a dynamic and proactive Finance Analyst to assist with our various finance functions. To be successful in this role, you'll be comfortable with high complexity accounting originating from various entities across multiple geographies. This role will report directly to the Group Finance Director and will benefit from being on site with him four days a week, with one day working from home. This role will have the opportunity to grow in various directions as the business grows gaining experience in Compliance, Insurance and KYC.

Key Responsibilities

- Dealing with invoices from Vendors (Accounts Payable)
- Processing payments and Data on Netsuite
- Managing various stakeholders in the UK, Ireland, Spain and Denmark
- Dealing with Taxes and engaging with a 3rd Party Local provider
- Managing employee expenses
- Uploading payments to the company Bank account
- Conducting Bank Reconciliations

Qualifications

- Previous experience in a Finance role.
- Some experience with Netsuite.
- Ideally Part Qualified with a Chartered Finance institution (ACA, ACCA, CFA, etc).
